MATT JUSTUS

EXPERIENCE

Launched my first API this year on Microsoft Azure and created a React front end hosted on GitHub pages. The API and front end keep track of softball players and teams. Also tracks stats for each player. See the App here at https://justus78.github.io/SoftballStatsApp/

EDUCATION

ASSOCIATE'S DEGREE: INFORMATION SYSTEMS – COMPUTER PROGRAMMING

Studied Agile programming practices, programming languages, and multiple frameworks to develop

Static web pages and dynamic web and desktop applications.

HIGH SCHOOL DIPLOMA

Seymour High School. Graduated in 2005.

SKILLS

Experience with C#, Asp.Net, MVC, SQL, React, HTML, CSS, Python, JavaScript, PHP, Microsoft Sql Server Management Systems, agile development practices, and Bootstrap. Use Git and GitHub for content management.

I have excellent written and verbal communication skills and experience with customer service. I am data-driven and a quick learner. I have experience gathering information for reports. I have years of experience gathering information and developing reports.

Founding member of the Walter State Community College chapter of ACM.
